

Welsh Horse Section

Unfortunately the show office has only been made aware this morning (4th April 2018) by the Welsh Pony and Cob Society that they will not allow us to affiliate for the Bronze Medal in 2018.

We are deeply disappointed with this outcome firstly despite receiving phone calls to this office from the WPCS asking us to affiliate, of which we duly did, they then failed to inform us despite receiving our application form in early February with payment that there may be a problem.

We have telephoned the WPCS today and told them of our disappointment only to receive a negative response, and was told that a letter was sent out in July of last year to our volunteer Welsh Section Secretary, who is no longer involved in the show.

Why they didn't inform us when they received our application in February is still a mystery to us and although they acknowledge that they received it they cannot explain adequately why they did not inform us of any issues and therefore we feel very disappointed of the lack of concern shown by them.

We discovered this issue by receiving an email from a potential competitor, which then flagged this issue to us, this after arranging judges (including booking accommodation) and classes and printing hundreds of Schedules with the information on.

We are therefore regrettably withdrawing all Welsh Horse Classes from our schedule this year.
